REPULSE BY MILITIA LEADS TO MOUNTING MORALE

Madrid, To-day. Two squadrons of tanks assisted the insurgent troops in repeated attacks in the University sector, declared yesterday's Defence Council communique, which claims that three tanks captured were of German and Italian make. It is also claimed that the Government forces repulsed three Moroccan battalions, who. attacked with unprecedented violence. The Government planes also foiled attempts to bomb the capital and brought down two three-engined Junker planes. A big Government attack in the Aranjuiz sector, with the object of cornering the insurgents on the left bank of the Tagus and attacking the right flank of the army besieging Madrid, met with success, according to a Government communique. It is stated that two villages were captured, and that the Government forces intend to attack Toledo and Talavera. The new success has helped considerably to raise

the morale of the defenders of Madrid, who are also counting on

COSSACK PLEDGE GIVEN ALL-UNION CONGRESS

WILD SCENES OF ENTHUSIASM AT MASS MEETING IN MOSCOW

BOLD CHALLENGE TO FASCISM DELIVERED BY HEAD OF SOVIET STATE

Moscow, To-day.

"The Red Cossacks are determined to wipe out mercilessly Japanese, Germans or any other enemy who dares to attack the Cossack Fatherland." This pledge, made by the Don Cossack group at the conclusion of the session of the All-Union Congress of Soviets, brought everyone present, including MM. Stalin and Voroshiloff and every member of the Political Bureau, to their feet, cheering wildly. Dressed in the old Cossack uniforms which were banned until last year and brandishing their sabres, the Cossacks completely stole the limelight. "We are ready to help again at any moment to crush the Fascist enemy," the spokesman declared. "The C sacks now form the best division of the Red Army, and we shall stop at nothing to destroy the enemy and to help the working class."

CAMBRIDGE FIND NEW HURDLER

BRADDELL WINS HEAT WITH EASE

SOUTH AFRICAN'S SAD LAPSE

(By BEVIL RUDD)

London, November 4.

THOROUGHLY enjoyed my journey to Cambridge yesterday. Although the Fenner's programme consisted only of the heats for five Seniors' events, there was an agreeable exhilaration in the racing.

H. Braddell, of Aldenham and St. John's, is unquestionably a hurdler of potential greatness. He is actually a Freshman, but as he has been at Dublin University since leaving Aldenham he ranks as a Senior.

According to the recent Cambridge ruling, he will, on account of his age and residence at another university, be ineligible to compete against Oxford. He won his 120 yards heat in the high hurdles easily. He tends to hang slightly over each flight, but once this fault has been corrected he will be beating

PALATIAL NEW STAND AT HIGHBURY

ARSENAL MAKE BIG PROFIT

(By "THE TWELFTH MAN")

London, October 31. IN putting up and opening up their second huge stand, the new East Stand, the Arsenal should have become the biggest money-spinners in football. Their palatial stands encourage the attendance of a better type of football spectator, and should bring the Arsenal big profits.

That is provided the team does its bit by continuing to be first class entertainment and potential winners of League, Cur. or something pretty big. It has not escaped general notice, I gather from discussions I have heard, that only half the capacity of the Arsenal Stadium is set apart for the shilling spectator.

When Mr. G. F. Allison made his speech at the opening of the East Stand last week he put the capacity figures of the shilling patrons as 41,000, and the entire place will hold at least

Mr. H. Vanderbilt Pay Entire Cost

> £50,000 YACHT WITH 87FT. WATERLINE

New York.-Mr. Harold S. Vanderbilt, it was learned last month, has agreed to meet all expenses of building, outfitting and running the American yacht to defend the America's Cup against Mr. T. O. M. Sopwith's Endeavour II. off Newport, Rhode Island, next July.

This decision was announced by Mr. W. A. W. Stewart, Commodore of the New York Yacht Club. It follows the failure of the club's members to form a syndicate.

The decision will dispel the gloom of American yachtsmen, who were convinced that none of the boats already in commission is capable of meeting the Royal Yacht 'Squadron's challenge with any hope of success. A contract Police Methods In Club has already been signed with the Bath Iron Works to build Mr. Vanderbilt's vessel at Bath.
